YA RABB,
keep me grounded
IN YOU,
as i continue to evolve
AND GROW INTO WHO
i'm supposed
TO BE.

Assalammualaikum my Champions,

I've gotten a number of emails / DMs from those of you who have done the first Module of the [Consistency Class](#) (YAY YOU!) expressing how you feel nervous / overwhelmed about stepping into your "new" identities that you've intended for yourself.

And I completely feel you.

Whenever we are embarking on something new and we feel that this new change is scary and daunting, go back to the One who is Ever-Consistent, Ever-Present - Allah SWT. It is only through Him that we can find "stability" and re-assurance as we ride through this crashing wave of change. So plead for His Help, ask for strength and consistency, ask for clarity and guidance and most of all, ask to be Closest to Him - for when you are closest to Allah SWT, **"He is the hearing with which you hear, He is the seeing with which you see, He is the hand with which you strike and He is the foot with which you walk. And were you to ask something of Allah, He would surely give it to you"**. [#favhadithqudsi](#)
#goosebumps

Take it from me, Champs - **as long as we hold on to the rope of Allah SWT, we'll be more than fine**. But if we stubbornly insist on holding on to the flimsy string of "our capabilities" and "our strength", it will snap as soon as we have our "mood swings" / "ugh I'm not in the mood" / "no feels" days.

PS: [The Consistency Class](#) continues with Module 2 this week, no further email will be sent for this. Don't forget to join our [Secret FB Group](#) for this too, ok?

My reply every time someone asks me how I'm doing, regardless of how good or bad things may be 🙏😊

But honestly, having gratitude solves 99% of our problems! Don't you think so? Always *Alhamdulillah ala kulli haal* <3

Something to Ponder

People hurt,
Allah heals.
People humiliate,
Allah honours.
People judge,
Allah justifies.

*

**And yet, how many of us prioritise the creation over the
Creator, Himself?**

in case you missed it

If you missed the Open Session on Sunday, here's the replay! And PS: I know I say this for every open session, but this session was special because we haven't hung out in ages (ok fine, it's only been a week) but it was soooo nice to see you guys. And this Session was also the first for a number of you, so it made it extra special seeing new faces <3

[Catch The Replay Here](#)

and with that, I hope you guys have enjoyed Closer.
