ALLAH SWT HAS
already prepared
THE WAY. HE'S JUST
preparing you.

Assalamualaikum my Champions,

As believers, we know that everything happens for a reason and that there is a purpose for every phase in our lives that Allah SWT makes us go through. Even when we have no idea nor no clue as to why we are where we are, or why we had to experience certain things, Allah

SWT*knows* the bigger **and** final picture of our jigsaw puzzle. Like He said in the Quran, "[and My planning is flawless \(and firm\)](#)."

But the one thing that blew my mind is the realisation that **I am part of His flawless Plan**. Me, the flawed, forever doubtful, sometimes fickle, forgetful human being that I am, I am part of that Plan! And not just **any** part, but **I hold the lead character of His Perfect Plan for me**.

And so do you!

At this very moment, He is arranging, organising, preparing a very epic finale for you. And as the main heroine of His beautiful narrative for you, you will have the epic win and the better-than-fairy-tale ending! But you have to trust Him, and have a firm conviction that whatever His "Plan" is, best believe that it will be "flawless"!

Friday | 9PM SG / 2PM UK

I'm sooooo excited for Friday as we'll be having our very first Champs Council room! The idea behind this special room is so that we can all gather to listen and give support to any Champs who might be in a tricky / difficult situation since I've seen how wise and thoughtful all of you are when it comes to supporting or hyping other fellow champs. **If you would like to ask your fellow champs their opinions on anything, please reply to this email.** Don't be shy as we'll keep your identity anonymous inshaAllah!

a beautiful Dua

Ya Allah,
allow me to
make duas that
will change the
world, not just
mine.

#abeautifuldua

I've been trying to be more conscious with the Duas I've been making by remembering that Allah SWT can do anything and everything for everyone, so why am I being selfish and limiting my prayers and wishes to only me, myself and I? I've realised that my happiness lies in the happiness of people I love, teachers I respect, companions I admire, animals I adore, so shouldn't my duas reflect that?

about your favourite photo that someone took of you. Why was this photo special?

Recently, as I was trying to clear my thousands and thousands of photos in my phone gallery, I was wondering "why do you bother taking so many photographs?!". But I then realised that there will be a time when all I'll ever have of our memories together are these photos, so I take comfort in the fact that I'm just prolonging and imprinting these beautiful moments. One of my favourite photos of myself is [one that Karim took of me in London](#) - I was 25, I just started wearing the Hijab, and he recently just proposed to me. It was one of the most special days and I only have Allah SWT to thank for that moment. Whenever I look at it, I am reminded of how He rescued me, nurtured me, guided me, and loved me till I found myself again.

a good deed to try

Spending on Your Family

Excited about this new section on our Closer email! I've been very, very inspired by the love and generosity that you Champs have - from the countless AA Plus sponsorship some of you have been giving, to the surprise care packages you curate for your fellow Champs, to the countless Duas you give to each other on the Chats of our Zoom Calls. So for our very first "good deed to try", I'd like to challenge all of you to spread that generosity and spend on your family! Whether it is in terms of treating them to food, paying for their utility bill or getting them something beneficial that they've been eyeing for a while, carry out this Sunnah act and make their day, Champs!

in case you missed it

Last Monday, we came together to set our intentions for the new Hijri year! If you missed the session, here is the PDF to the prompts that we used to set our intentions. Also! Additional tip: type out your intentions on futureme.org so that they can email you a reminder in the future. I do this all the time and it has saved my life!

Something to Ponder

It's okay to
be sad after
making a
right decision

Someone wise told me this a while back, and I've always held on to this to comfort me whenever I have to make a tough decision. We are only human, and it's okay to feel sad or upset whenever we have to decide something difficult. But! The peace and the lightness that comes after making the right decision will definitely replace the initial sadness. The sweetness of knowing that you made the right decision for His sake is just.... indescribable. Your sacrifice, your effort, your striving - they will all be rewarded in abundance. I promise.

ending it with His Words

Quran 8:40

Know that Allah is your Protector. What an excellent Protector, and what an excellent Helper!

Trust Him!

Seek His Help!

(Isn't this such a reassuring verse, Subhanallah! If you need some comfort, join us @ [our weekly Quran Tadarus!](#))

With that, I hope you guys have enjoyed Closer.
